

Research Question: RQ3.3 Are the identified effects specific or shared among different types of debt?

Goal: Identify shared and isolated effects among types of debt

Expected Result: - List of shared and isolated effects

Necessary Files: RQ3_Analysis_COUNTRY-NAME_Execution_Effects.xls

Analysis Procedure

In this analysis, it is necessary to associate the effects with the type of debt. To do this, we must obtain the list "ALL Cited Effects (Q20)" and sum up which effects are associated with one (isolated) or more than one (shared) type of debt.
